Beginning June 1, 2018:

Due to new government regulations, all narcotic prescriptions require practitioners to check and update the Michigan Automated Prescription System (MAPS) prior to prescribing a narcotic medication. Some of the changes to the prescription of narcotic medications include the following:

- Requests may be made only during regular office hours (8:00 AM to 4:00 PM), Monday through Friday or during regularly scheduled office visits.
- Refill requests will not be honored on nights, weekends and holidays.
- **Narcotic prescriptions cannot be written for more than a 7-day supply.**
- Requests will not be honored if patients run out early, lose a prescription or spill/misplace medications.
- Only written prescriptions will be given and no narcotic prescriptions will be telephoned or faxed to the pharmacy.
- **Refill requests for narcotic medications require at least 3 business days (72 hours) notice**, to allow enough time for the provider to check and update the Michigan Automated Prescription System (MAPS).
- To help both providers and patients to comply with the law regarding narcotics, patients will be required to sign an “Informed Consent” acknowledging that”
 - They have received information regarding the danger of opioid addiction.
 - How to properly dispose of unused controlled substances.
 - Delivery of a controlled substance is a felony under MI law.
 - Short-and-long term effects of exposing a fetus to a controlled substance.

PLEASE PLAN AHEAD! We cannot accommodate same day requests for pain medication.

All Other Prescription Refills”

- We require at least a 72 hour (3 business days) notice for refill and prescription requests. Please plan accordingly.
- We also encourage you to contact your pharmacy before going to pick up your prescription to make sure it is ready.

**I have read and understand the guidelines of the Vascular and Endovascular Associates.*

Cancellation Policy/No Show Policy

For Doctor Appointments and Surgery

1. Cancellation/ No Show Policy for Doctor Appointment or Ultrasound

We understand that there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment. Conversely, the situation may arise where another patient fails to cancel and we are unable to schedule you for a visit, due to a seemingly “full” appointment book.

If an appointment is not cancelled at least 24 hours in advance you will be charged a fifty dollar (\$50) fee; this will not be covered by your insurance company.

2. Scheduled Appointments

We understand that delays can happen however we must try to keep the other patients and doctors on time.

If a patient is 30 minutes past their scheduled time we will have to reschedule the appointment.

3. Cancellation/ No Show Policy for Surgery

Due to the large block of time needed for surgery, last minute cancellations can cause problems and added expenses for the office.

If surgery is not cancelled at least 3 days in advance you will be charged a one hundred dollar (\$100) fee; this is will not be covered by your insurance company.

4. Account Balances

Patients who have questions about their bills or who would like to discuss a payment plan option may call and speak to a billing representative who can review their account and concerns.
